This List Cancels All Previous Lists

We have sold our city store together with the Cut Flower and Seed Departments, and shall devote our time exclusively to our Nursery and Greenhouses, which we shall operate chiefly from our nursery in Riverside, two miles east of Fort Worth. By eliminating most of our overhead expenses, bad accounts, agents' and solicitors' salaries and commissions, we are able to cut down expenses to a minimum. We grow our own trees and plants in our own fields and greenhouses. Altogether we effect a saving of from 40 to 60 per cent, which we can pass on to our customers. A comparison of our prices with those of other nurserymen will convince any one that we give better values at cheaper prices. We always invite inspection. Trees differ much in quality, and when our trees are compared with those of other nurseries, we usually secure the order.

PLANT FRUIT. There is less fruit grown in Texas now than there was twenty years ago, and the demand has more than doubled. Hence fruit has sold at high prices and fruit growers have made good money. Now that trees have gotten down to a reasonable figure again, fruit growing should be very profitable to the man that plants early.

ORDERS FOR CUT FLOWERS, SEEDS, ETC., should be sent to the Baker Floral Co., 1013 Houston Street, Fort Worth, Phone Lamar 950. Night phones, Rosedale 25 or Rosedale 2978.

TERMS: Cash with order. We deliver our trees in good condition to the transportation companies, but do not give any assurance as to their safe delivery or as to their growing. All prices f. o. b. Fort Worth.

RELIABILITY. We are members of the American Association of Nurserymen, and no one can obtain or retain membership in it who is not honorable and fair in his dealings. Address

ORNAMENTAL DEPARTMENT

We have probably the best lot of ornamentals in the Southwest, and are offering them at lower prices than for several years. In large quantities we can make special price. We have a good supply of extra large evergreens, shrubs and shade trees for quick results in landscape work. Any one needing a good supply of large stock in great variety, for parks, cemeteries or private estates, should send a representative to see our stock and get special prices.

SHADE TREES

Good shade trees are scarce this season, but we are offering exceptionally low prices, as a comparison of our prices with those of other nurseries will prove.

FLOWERING SHRUBS

Shrubs are being used in such quantities now, that we can offer them cheaper than ever before. Planters should avoid many of the kinds used in the North, and should plant chiefly the kinds best suited to the South, most of which are included in the following list. There is nothing in the North to compare with our crape myrtle for gorgeous blossoms, and nothing, perhaps, is so useful as our ligustrums or privets.

Price, except where noted, 1-yr., 40 cents each; \$4.00 dozen; 2-yr., 60 cents each; \$6.00 per dozen.

Amorpha Canescens.
Berberis, several kinds.
Butterfly Bush, small plants, 40 cents.
Buckeye, yellow.
Cephalanthus, Button Willow.
Chilopsis, purple flowering willow.
Chilopsis, Alba, white flowering willow.
Crape Myrtle, undoubtedly the best shrub for Texas. We have a fine stock of White, Pink, Crimson, Purple and Dwarf Blue.
Crataegus Pyracantha, \$1.00 each.
Cydonia Japonica, Japan Flowering Quince.

Deutzia, several varieties.
 Exochorda, Pearl Bush.
 Euonymus Alatus.
 Forsythia, Golden Bell, several varieties.
 Honeysuckle Bush, several varieties.
 Hypericum Disselorum.
 Hydrangea Paniculata Grandiflora, \$1.00
 Hardy Lantana, 75 cents.
 Jasminum, Nudiflorum.
 Judas Tree or Red Bud.
 Lespedeza, Bicolor.
 Lespedeza, Pendulifolia Desmodium.
 Lilac, Purple.
 Philadelphus (Syringa or Mock Orange).
 Poinciana (Bird of Paradise).
 Privet, Japan, Iibota, California, Regal's and Amoor River.
 Rhus, Typhina (Staghorn Sumach).
 Russian Olive.
 Salvia, Greggii, red.
 Salvia, Greggii, Alba white.
 Sambucus (Elder), several varieties.
 Snowball, common.
 Spirea, Reevesii, Van Houttei, Billardii, Bumalda.
 Symphoricarpos, Vulgaris (Coral Berry).
 Symphoricarpos, Racimosus (Snow Berry).
 Tamarix, Hispidia aestivalis.
 Tamarix, Odessana.
 Tamarix, Japonica plumosa.
 Vitex, Agnus-castus (Chaste-Tree).

HARDY CLIMBING VINES

Ampleopsis, quinquefolia (Virginia Creeper), 50c.
 Ampleopsis, Veitchii (Boston Ivy), 75c.
 Antigonon leptopus (Mexican Vine or Queen's Wreath), 50c each; extra large, \$1.00.
 Bignonia (Trumpet Creeper), 50c.
 Clematis, paniculata, small white, 50c.
 Honeysuckle, Chinese Evergreen, Golden Netted, Belgian, Red Coral, 35c.
 Ivy, English, 25c.
 Wisteria, purple and white, 50c.

EVERGREENS

There is a decided revival of interest in evergreens, and the demand for them is greater than we have ever known it before. Not only are they useful as single specimens on the lawn, but now they are being planted extensively in groups and masses in the background and borders of the landscape and also around the house, giving the mass effect of shrubbery not only in the summer but also in the winter. This style of landscape planting is very popular in the North, and is sure to become more so in the South where we have a finer list of evergreens that succeed here. Besides having a fine lot of junipers, cypresses, arbor vitae, cedars, pines, etc., we have a big variety of broad-leaved evergreen, such as magnolias, Southern laurel, box, photinias, abelias, euonymus and that very useful family of ligustrums in several different kinds.

Our evergreens this year are magnificent, doubtless the finest in the Southwest. Many of them are too large to ship by express or freight, except in carload lots, as the very large ones should be shipped with a heavy ball of dirt around the roots, "balled," as we call it. Parks, cemeteries and private estates needing large lots should send a man here to make selections. There is a special cheap freight rate on balled evergreens.

ABELIA, grandiflora, a beautiful evergreen, and a beautiful flowering shrub that blossoms almost constantly from April to November. This is the first time we have had sufficient stock to offer cheap. Strong bushy young plants, 10-12 inches, 50 cents each; \$5.00 per dozen. Large plants, \$1.00 to \$2.00 each.

ARBORVITAE, Chinese, fast growing open variety, 2-3 ft., \$1.00; 3-4 ft., \$1.50; 4-5 ft., \$2.00; 6-10 ft., \$3.00 to \$6.00.

ARBORVITAE, Dwarf Golden, 12-15-inch, \$1.00; 18-20 inches, \$1.50; 2 ft., \$3.00; 3 ft., \$5.00.

ARBORVITAE, Baker's, in many respects the finest arborvitae we know of. A strong, upright conical grower, beautifully tinted in early spring, changing to a rich green, which it holds summer and winter. Always compact and symmetrical in its growth and does not lose its beautiful shape as it grows old. 15-18 inches, \$1.00; 2 ft., \$1.50; 2½ ft., \$2.00; larger specimens, \$5.00 to \$10.00 each.

ARBORVITAE, Rosedale Hybrid, compact, bluish green, 10-12-inch, 50 cents; 2-2½-ft., \$2.00.

ARBORVITAE, Rosedale No. 2, similar to the above but taller and more open in its growth. 15 to 18-inch, 75 cents; 2-3-ft., \$1.25.

BOX TREES, sheared specimens, 18-inch, \$2.00 each; 2-ft., \$3.00 each; 2½-ft., \$5.00 each; 3-ft., \$7.50 each.

BOX TREES, natural specimens, 12-inch, 50 cents; 15-18-inch, 75 cents; 18-24-inch, \$1.00 to \$3.00 each.

CYPRESS, Arizona. The prettiest evergreen we have ever grown. It retains its lovely bluish fresh tint, and continues to grow vigorously all through the summer; 12-15-inch, \$1.00; 16-18-inch, \$1.50; 3-ft., \$4.00; 5-ft., \$6.00; 6-ft., \$7.50 to \$10.00 each.

EUONYMUS Japonicus. The best all-round broad leaved evergreen for this section, suitable alike for individual specimens, mass planting, hedge or sheared tub plant. Much superior to any of the privets for a hedge, and we are offering them so cheap that they can be used for hedge planting. 2-ft., bushy, \$1.00; 18-20-inch, 50 cents; \$5.00 per dozen; \$35.00 per 100; 12-15-inch, 25 cents each; \$2.50 per dozen; \$18.00 per 100; 8-10-inch, 15 cents each, \$1.50 per dozen, \$10.00 per 100.

EUONYMUS, Jap., Golden Leaved, 18-20-inch, \$1.00 each; 6-8-inch, 25 cents each; \$2.50 dozen.

EUONYMUS, Jap. Silver Leaved, 18-20-inch, \$1.00 each; 6-8-inch, 25 cents each, \$2.50 dozen.

EUONYMUS Radicans, a semi-trailing variety. Small plants, 25 cents each; \$2.50 dozen; larger, 50 cents to \$1.00 each.

JUNIPERUS, Sabina (Savin Juniper), low growing, wide spreading; 15-18-inch spread, \$1.00 each; 18-24-inch spread, \$2.00; 3-4-ft., \$3.00; 5-6-ft., \$5.00.

JUNIPERUS Sabina Prostrata, low trailing plant, same price as Savin.

JUNIPERUS Depressa, low growing bird nest shape, symmetrical, with beautiful steel gray foliage; 12-15-inch, \$1.00 each; 20-24-inch, \$2.00 each.

JUNIPERUS, Irish, compact upright grower, 15-18-inch, \$1.00; 2-ft., \$2.00.

JUNIPERUS Sinensis, 10-12-inch, bushy, \$1.00 each; 3-ft., \$6.00.

JUNIPERUS Virginiana, common Red Cedar, 15-18-inch, 50 cents; 2-3-ft., \$1.00; 3-4 ft., \$1.50; 4-5-ft., \$2.00; 5-6-ft., \$3.00; 6-8-ft., \$5.00; special prices in large lots.

JUNIPERUS Scupularum, beautiful blue cedar of fine foliage and upright compact growth; 12-15-inch, \$1.00; 2-ft., \$2.00; 3-ft., \$3.50.

LIBODENDRUS Decurans, the giane incense cedar of California; 15-18-inch, \$2.00; 18-24-inch, \$4.00.

LIGISTRUM Japonicum, this is the most popular evergreen shrub for all purposes. It grows rapidly in any situation in full sun or dense shade, and holds its large waxy dark green foliage all winter and summer, and can be kept small by shearing or allowed to grow 12 to 15 feet high if needed. We have a good stock of it this season and are offering it at one-half the former prices; 2-2½ bushy, 50 cents, \$5.00 per dozen, \$35.00 per 100; 3-4-ft., \$1.00 each; 4-5-ft., \$2.00 each.

LIGISTRUM Amurens, 2-3-ft., 35 cents, \$3.50 dozen; 3-4-ft., 50 cents, \$5.00 dozen.

MAGNOLIA Grandiflora, the most stately evergreen in the South; 3 to 8-ft., \$1.00 per foot.

PHOTINIA Serrulata, 2½ to 3-ft., \$3.00; 3½ to 4-ft., \$5.00 each.

PINES, several kinds, 10 to 12-inch, 75c each; large specimens, \$4.00-\$6.00 each.
SEQUOIA SEMPERVIRENS, Big Redwood of California, 2-3-ft., \$3.00 each.
RETINOSPORA Plumosa, 2-ft., bushy, \$3.00; 3-ft. bushy, \$5.00.

HEDGE PLANTS ¹⁰²²

Eunymus, Japonicus, 8-10-inch, \$1.00 per 100.
Privet, California, \$6.00 per 100; 2-year, \$10.00.
Privet, Amoor River, \$1.00 per 100; 2-yr., \$15.00.

ROSES

Roses are scarce and high-priced this season, but fortunately we have a good supply, and are offering them to our retail customers at about one-half the price charged by most nurserymen for the same class of stock. We believe we have the finest list of varieties for this section to be found anywhere. They are all strong field-grown two-year-old plants.

Price 50 cents each, \$5.00 per dozen, \$35.00 per 100. We have a few extra heavy plants at 75 cents each, \$7.50 per dozen.
